# Conclusion

- A light review process, not a curriculum redesign process.
- To address weaknesses in the current R-ATP.
- Remain in place for 2023 and 2024 until a strengthened curriculum is implemented (2025).
- Content in each grade adequately prepares learners for the subsequent grades.
- Collaboration across phases is encouraged, to ensure that there is coherence and progression.

The vision of the WCED is a simple one:  
*Quality education for every child, in every  
classroom, in every school in the province.*
